## The concept and benefits of the Championship:

Speedgroups' thoughts and concept for the EDRS Pro Nordic Motorcycle Drag Racing Championship:

- A limited number of events to encourage participation in all rounds.
- A selection of tracks and organisers located in the Nordic region, where high standard events can be granted and strong support to run there exist among the teams.
- Tracks located within a reasonable travel distance for the majority of teams.
- The possibility for racers holding a valid competition license in a Nordic country, to compete on their national license in the Championship holds down costs.
- Racers from any nation holding a valid international competition license for drag racing can also compete for championship titles and event wins.
- Dedicated staff focused on marketing and sales of the EDRS Pro Nordic Motorcycle Drag Racing Championship publicly. Including marketing tools that can be used by teams for promotion purposes.
- Prize and travel funds on a decent, competitive level (see what is applicable for each class further down this document). Flexible concept where funding from business partners can be put into the Championship any time. For one or more events or as season end rewards.

Speedgroup work actively with the organisers to make sure conditions for delivering a high level of performance and efficiently run events are provided. Both are crucial to provide high class entertainment for spectators. And an attractive championship for business partners to connect with.

The championship is also important for securing regrowth and development of drag bike drag racing in the Nordic region. Speedgroup take active responsibility to communicate with all parties involved, to understand what is needed short and longer-term and to adapt accordingly to the extent possible.

## Speedgroup - a serious partner

- Speedgroup currently administer the FIA European Drag Racing Championship and operate the EDRS European Drag Racing Series, EDRS Pro Nordic Motorcycle Drag Racing Championship and the Swedish Drag Racing championship for cars, Dragracing SM. We interact with teams, track operators and event organisers, sanctioning bodies, media, corporate partners and fans on an all year round basis.
- Speedgroup is a shareholders company which was founded in 2005. The owners consist of a little over 80 private owners and a few companies, a majority are active in the classes operating in the FIA (cars) and EDRS Pro Nordic MC Championships. Since the founding of the company one new emission was made 2011. The Board of Directors consist of 6 members, all with unique competence relevant for the operation and further three deputy board members. A dedicated work group is in operation since 2011, which hold meetings each week all year round. CEO since January 2016 is Åsa Kinnemar (also co-ordinator since 2009).

www.edrspro.com

- We are a committed long term partner for parties involved in the championship. Within our dedicated work group we have skills from organising and market series and championship events, also from operating race teams and work with business partners. We understand aspects of drag racing seen from different perspectives and can contribute with know how beneficial to the championship. Through the years we have built a solid network and have well working relations with people in relevant positions in many countries.
- Speedgroup invest any profit from the championship back to it. Speedgroups way of working is transparent and finances connected to the championship can be displayed and shared with the parties involved, mainly at information meetings after each season.
- Any team, class association, organiser or other partner, who has connections that can attract sponsorship connected to the championship, a class or other sponsorship are welcome to contact Speedgroup for assistance and proposals. Any individual or group, who contributes to securing a contract with a business partner, is eligible for 20% commission on the net sales value.

## Benefits for championship registered teams

- The paying of a Championship registration fee is mandatory to be eligible for payouts of any earned prize funds and/or travel funds.
- 100% of the registration fee is used to contribute to cover costs to work with operation, promotion and development of the championship. For example the fees make possible the media coverage concept, which include an all year round assigned media officer and a designated championship website.
- Championship registered riders and teams can be featured and enjoy visibility online anytime by contacting the media officer for the championship Remco Scheelings (see contact info last in this document). [www.edrspro.com](http://www.edrspro.com) is the official website of the EDRS Pro Nordic Motorcycle Drag Racing Championship.
- Speedgroup assist in providing teams basic marketing tools, such as a Championship presentation document that teams can use online or print. It is available for download online at [www.edrspro.com](http://www.edrspro.com) Racers Page. Also the team profile concept which makes it possible to highlight sponsors and market the team in a positive and professional way.
- Speedgroup offer advice free of charge to individual teams who wish to custom make presentation material and sponsorship proposals. We also offer assistance in creating proposal documents, contracts and promotion materials at competitive rates. You can find our contact details at the end of this document.

www.edrspro.com

## Championship development plans:

- Speedgroups' wish is to assign one (same) *championship technical advisor* to attend all Championship events and be part of the tech inspection team. It can contribute to standardise routines and implement new administrative tools. In addition establishing an expert of the experts who can act as support for all parties involved in the championship all year round basis in technical regulations and implementation questions.
- We also wish to assign one English speaking *championship expert commentator* to act as "the voice of the championship" during the championship events. We believe that by having one expert commentator attending all Championship events, the information and entertainment value can increase considerably. Our thoughts are that the expert commentator co-operate with the local track commentator and focus on research and collecting up to date information relevant to the championship both before and during the event.
- Speedgroup strive to assign *more assigned staff to work with the championship all year round*, mainly in the areas of sales and customer service. We have a variety of marketing packages on offer for companies with relevant products or services. Class partnership, a contingency program, web advertising and visibility in connection with the events are examples. We are flexible in order to find individual solutions for business partners.
- Speedgroups thoughts are that when external funding is attracted to the Championship a portion of the net value provided by each contract is set aside to reward *performance related achievements*. It can mean awarding end of season placements / no. one qualifying awards / low ET of an event awards / rewards connected to teams attending all championship events or other performance related achievements. The level of funding attracted will decide what can be implemented and when.

## Championship Rules:

The Championship rules are stated in a document called **Nordic Motorcycle Dragracing Championship rules**, which is decided and published by the Nordic Motorsport Council, NMC. The document is also published by Speedgroup at the Racers Page on the [www.edrspro.com](http://www.edrspro.com) Championship website.

**Additional information – B ladders:** *B-ladders ladders may be run including non-qualified racers, if the organisers see fit. There is no prize funds obligation for the organisers to contestants in a B-ladder. If there is a prize fund at stake in the B ladder, it shall be known to all racers before the start of eliminations.*

17 - 32	20	40	60	80	-	100	120
32 - 64	20	40	60	80	100	120	140

**Qualifying positions earn points as follows:**

1 <sup>st</sup>	8 points
2 <sup>nd</sup>	7 points
3 <sup>rd</sup>	6 points
4 <sup>th</sup>	5 points
5 <sup>th</sup> & 6 <sup>th</sup>	4 points each
7 <sup>th</sup> & 8 <sup>th</sup>	3 points each
9 <sup>th</sup> through 12 <sup>th</sup>	2 points each
13 <sup>th</sup> through 16 <sup>th</sup>	1 point each

**Additional points are awarded as follows:**

10 points to all contestants, one qualifying run required.

**POINTS, GENERAL:**

All points are awarded to the driver and cannot be transferred under any circumstances. Points are not transferable from one category to another.

**CALCULATION OF POINTS:**

Points will be calculated from all events in the championship series.

**ELIGIBLE FOR POINTS, STICKERS:**

To be eligible for points and prize money at an event and in the series, stickers from Speedgroup and any class or contingency sponsor must be applied clearly visible on the vehicle during qualification and elimination. The driver is responsible for having the stickers in place. The stickers may be ordered via the Speedgroup web-page before the start of the season.

**EXTRA POINTS for Super Street Bike, Pro Stock Motorcycle, Super Twin, Top Fuel Bike:**

After each qualifying session the top 3 qualifiers in that session are awarded points as follows:

- 3 points to the quickest ET
- 2 points to the 2nd quickest ET
- 1 point to the 3rd quickest ET

**EXTRA POINTS for Super Gas Bike, Super Comp Bike:**

The competitor earn 20 extra points (max once per event) if during qualifying being the first one in that category to make a pass exactly on the category index when including 3 decimals, e.g. 8.500 or 9.500 (1/4 mile).

[www.edrspro.com](http://www.edrspro.com)

#### **ALTERNATES:**

Once qualifying has been concluded and a ladder has been established, pairings will not be changed. However, should a qualified bike and driver be unable to make the first round of elimination (not reach the bleach box), an alternate will be inserted in their place. The quickest non-qualifier will take the first available space, the second quickest non-qualifier the next available space and so on. When and if this happens is at the sole discretion of the Clerk of the Course. First round points will be kept by the qualified driver. If an alternate driver is inserted but is eliminated in the first round, no points will be awarded. If the alternate is eliminated in the 2<sup>nd</sup> round, or later, the points from the first round will be deducted.

#### **POINTS, CANCELLED CLASS:**

If the class is cancelled before qualification, present competitors in the cancelled class will be awarded 20 points.

#### **POINTS, CANCELLED EVENT:**

If the event is cancelled before elimination's, all qualified competitors will be awarded 20 points in addition to qualifying points.

If the event is cancelled before any qualification has taken place, the competitors who successfully passed tech inspection will be awarded 20 points each.

If the event is cancelled between elimination rounds, all in the ladder remaining competitors will be awarded next round's loser points. Example: If it starts to rain and the event is cancelled after round 1, all in the ladder remaining competitors will be awarded 40 points.

If the event is cancelled in the middle of a round, all competitors remaining in the ladder at the start of the current round will be awarded the current round's loser points and those pairs in this round that has raced will be cancelled.

#### **POINTS AT DISQUALIFICATION:**

A competitor who is disqualified is awarded all earned points up to the disqualification if not otherwise decided by Speedgroup in cooperation with Nordic Drag Racing Commission (NDC).

#### **COMPLETED EVENT:**

All events are completed one-by-one. Cancelled events cannot be continued and finalized at another event.

#### **TIE-BREAKER METHOD AT THE END OF SERIES:**

If more than one competitor should have equal points at the end of series, the finishing order is decided by the following order and rules:

1. Competitor with most wins in events.
2. Competitor that is awarded most points by the following wins:
  - Event winner - 5 points
  - Runner up - 3 points
  - Semi Finalist - 2 points
  - Quarter Finalist - 1 point
3. Competitor with most won rounds at series events.
4. Lottery.

[www.edrspro.com](http://www.edrspro.com)

*Disputes regarding point's calculations are decided by Speedgroup in co-operation with Nordic Drag Racing commission (NDC)*

#### **ESTABLISHED POINTS STANDINGS:**

The point standings are considered established 10 days after the event if not otherwise decided by Speedgroup and NMC. The point standings will be published at the official championship website [www.edrspro.com](http://www.edrspro.com)
